From Principal's Desk

In the Indian tradition, the essence of 'education' is beautifully captured by two Sanskrit words: 'shiksha,' meaning 'to discipline,' and 'vidya,' meaning 'to know.' These words underscore the ancient emphasis on nurturing both the mind and the intellect, aligning with Aristotle's definition: "Education is the creation of a sound mind in a sound body." This perspective resonates deeply with the first revelation of the Holy Quran— "Read in the name of your Lord"—which we proudly embrace as our guiding principle at Jibreel International School.

Our mission is to transform students into compassionate, responsible individuals committed to building communities rooted in love, fellowship, freedom, justice, and harmony. We believe that education is most effective when it instills these values within a supportive and nurturing school environment.

True education fosters the harmonious development of all the faculties bestowed upon us by the Almighty—physical, mental, spiritual, and social. This holistic approach prepares students for a life of dedicated service to humanity.

At Jibreel International School, we are committed to delivering quality modern education in an atmosphere that promotes strong values and ethics. We warmly welcome your child to our school and assure you that we will strive to provide an education that balances both worldly knowledge and spiritual growth. As education transitions from traditional brick-and-mortar methods to a blended learning approach, incorporating technology, it is my privilege to guide our students through this change. Technology is the future, and we must prepare our students accordingly.

In recent years, our school has made significant progress in aligning with the principles of the National Education Policy (NEP 2020). Following the introduction of the National Curriculum Framework (NCF) for the Foundational Stage in 2022, we have embraced activity-based teaching methodologies. Our approach emphasizes hands-on learning through a series of progressive, level-appropriate activities, fostering experiential learning. Moreover, we have expanded our co-curricular offerings, organizing a variety of indoor and outdoor activities that allow our students to develop their talents and thrive in a well-rounded educational experience.

In keeping with our commitment to holistic development, we have introduced coaching classes for sports such as cricket, football, roller skating, and badminton. These programs promote physical fitness, teamwork, and discipline, complementing our academic curriculum. Additionally, we have established a variety of academic clubs, including those focused on Science, Mathematics, Literature, and Robotics, providing students with opportunities to explore their passions and develop new skills.

Our school has consistently worked towards shaping individuals who can contribute positively to society and create a better future for India and the world. We are proud that eight batches of our students have successfully completed their CISCE board exams and are now pursuing higher studies at esteemed colleges and universities both in India and abroad.

Finally, I must acknowledge that education is a partnership between the school and the home. The school represents one side of the coin, while the other side is home, with parents playing an equally crucial role. We are deeply grateful to our parents for their unwavering support in helping us achieve our goals, and we look forward to their continued collaboration. With the blessings of the Supreme Being, we are committed to nurturing a generation of geniuses who will shine as gems of the human race.

Abdul Basit Ismail
Principal

A Note From The Chief Administrator

Jibreel International School has proudly completed fifteen years of its educational journey. Though the path has not always been easy, our perseverance has led us to remarkable achievements. Since the foundation stone was laid by the sincere prayers and generous hands of Maulana Syed Rabey Hasani Nadvi (ra), the school has steadily gained recognition and respect within and beyond the city. Our up-to-date educational environment and rigorous academic curriculum have established us as a school of repute. The success of our result-oriented academics and diverse range of activities has earned widespread appreciation from parents and well-wishers alike.

We are unwavering in our commitment to providing our students with a comprehensive education that prepares them to become the leaders of the 21st century. The dedicated efforts of our scholars have enabled us to craft a curriculum for Moral Education and Scripture Studies that is producing outstanding results. Our Theology Department has successfully integrated technology-driven teaching strategies, allowing us to seamlessly implement a blended learning approach. Additionally, our Hifz program, available in both online and offline modes, continues to achieve excellent results year after year. At Jibreel International School, we place great importance on the memorization and understanding of the Quran, instilling in our students a deep sense of spirituality and faith.

We are profoundly grateful for the overwhelming support of our parents, and we earnestly seek their continued prayers for the ongoing success and bright future of the school.

Dr N Sabah Ismail Nadvi
Chief Administrator

A Note From The Bursar

At Jibreel International School, we are deeply committed to providing a balanced education that enriches students with both spiritual knowledge and modern scientific learning. Our unwavering focus on maintaining the highest standards of education is evident in every aspect of our school, from our curriculum to our facilities.

A cornerstone of our commitment is the provision of top-tier infrastructure. We believe that a conducive learning environment is essential for student success, and our modern facilities reflect this priority. Looking ahead, our vision for a state-of-the-art campus on our newly acquired land will further enhance our ability to offer an exceptional educational experience.

In addition to infrastructure, our career-focused approach ensures that students are well-prepared for future success. Our curriculum is designed not only to foster academic excellence but also to equip students with the skills and knowledge they need to excel in their chosen careers, preparing them for the demands of the 21st century.

We also place great emphasis on regular events and activities that contribute to the overall development of our students. These events, including new sporting activities such as cricket, football, roller skating, and badminton, are integral to fostering teamwork, discipline, and a healthy lifestyle. By regularly organizing these events, we ensure that our students have opportunities to grow both inside and outside the classroom.

We are deeply grateful to our insightful and supportive parents, whose understanding and cooperation have been vital to our success.

Captain Imran Ahmed
Bursar

About The School

Jibreel International School (JIS) stands as a distinguished English Medium School, committed to nurturing holistic development in students through a comprehensive curriculum that blends academic rigor, moral education, and cultural understanding. At JIS, we embrace modernity while upholding ethical values, equipping students with the tools they need to excel academically and ethically.

Our Approach

- **Syllabus and Curriculum:** Aligned with the standards set by CISCE (New Delhi), JIS offers a robust syllabus that encompasses General Studies subjects of the highest quality. Our curriculum extends beyond academics to include Moral Education and Scripture Studies for Muslim students.
- **Infrastructure:** JIS is dedicated to creating an environment that supports optimal learning. Our modern facilities and advanced technology empower students to reach their fullest potential.

Core Values

- **Ethics and Morality:** Our values serve as the cornerstone of our institution. They shape our educational culture and guide students in becoming not only knowledgeable individuals but also responsible and morally grounded members of the society.
- **Cultural Understanding:** We believe in educating students through the lens of moral examples and values. Our emphasis on tolerance, respect, and understanding of different religions and cultures fosters a harmonious and inclusive community.

Mission and Vision

- **Mission:** Our mission is to create, pro-actively produce and distribute knowledge and thinking in a manner that is both contemporaneous and mindful of ethics and values.
- **Vision:** Our vision is to establish JIS as a beacon of modern education excellence. We aim to cultivate generations of individuals armed with a comprehensive blend of contemporary knowledge and rich cultural values. Our graduates will serve their nation and community with dedication and integrity, exemplifying the finest attributes of human potential.

At Jibreel International School, education transcends textbooks. We craft an educational journey that enlightens the mind, enriches the spirit, and empowers the future. Join us in shaping responsible leaders who embody the wisdom of the past and the promise of the future.

Special Features

- The curriculum works on a five-language formula with English as the medium of instruction and Arabic as a special language. The other three include Hindi, Bengali and Urdu taken as compulsory second and third language at different stages.
- Dedicated and well-trained teachers for academic subjects supported by regular faculty training workshops, seminars and webinars to keep them updated so that they can plan better and execute efficiently.
- Sports, oratory workshops, quiz, elocution, physical fitness activities etc. form an integral part of co-curricular activities.
- Use of Montessori apparatus for nursery class to help students develop and refine their senses so that they learn better.
- Multimedia-based Audio and Video sessions designed to captivate children's interest, aiding them in absorbing poems and stories more effectively.
- Technology integration at all levels to foster 21st century learning skills among students at all levels.
- Level appropriate exposure to abacus, Vedic maths and coding programmes to boost subject competency and confidence among students.
- Provision for a comprehensive and engaging online mode of education amidst lockdown or other uncertainties.

Facilities

- Well-equipped classrooms to facilitate students with learning comfort and concentration (AC during summer days).
- Appropriate student-teacher ratio, to provide individual care and attention to students.
- Modern information and computer facilities for children.
- Regular physical fitness training for children.
- Transport Services Available for children (Both AC and Non-AC).
- Conveniently located in the central part of the city.
- Play area for recreational purpose.
- Provision for filtered water.
- Provision for indoor and outdoor games.
- Provision for co-curricular activities.
- Annual competitions to develop individual personality and talent.

Future Plan

With unwavering dedication, we have embarked on a remarkable journey towards the establishment of a pioneering campus that will serve as a benchmark within the city. As we set our sights on the future, we are excited to share the remarkable features that this upcoming campus will encompass:

- Spacious and modern classrooms with advanced amenities.
- Well-equipped science and computer laboratories.
- Provision for Audio-Visual classes (Smart Class).
- Digitised library to facilitate research-based learning.
- Soft Skill classes for students including, debate, group discussion, creative writing skills to enhance the overall personality and to instil the sense of confidence among them.
- Career counselling sessions for senior students to help them make informed and better career choices.
- Child psychologists offering counselling and assessment.
