

The Infinity School ∞

Knowledge. Power. Future.

Proposed CBSE

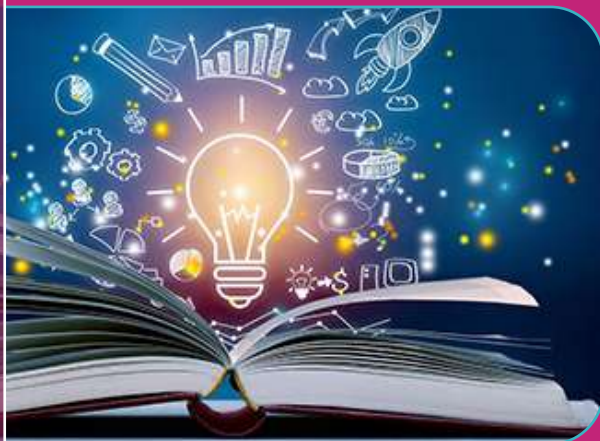

"Where Every Student is a Story of Success".

Revolutionizing Education with Innovation

To redefine education through experiential learning, technology integration, and personalized teaching approaches that inspire excellence.

Fostering Excellence Through Innovation

To integrate modern teaching methods and technology to enhance education, ensuring every student reaches their highest potential.

Dear Students, Parents, and Guardians,

We at The Infinity School believe that the child entrusted to our care should be provided with a tailored curriculum according to his / her needs or abilities. The teacher and the facilitator ensure that the learner takes a greater responsibility for his/ her learning and development by taking formal tests and assessments. He/ she must manage homework and participate in inter-school and intra-school activities by being a diligent member of his/her own House Team by virtue of being a school student and a member of the student council.

At The Infinity School, we are committed to nurturing young minds, instilling values, and encouraging holistic growth. Education is not just about academics but also about character building, creativity, and resilience. I encourage all students to use this diary diligently to stay organized, set goals, and track their progress.

Parents, your involvement is vital in your child's educational journey. Please review this diary regularly to stay informed about their academic performance, school activities, and important notices.

All students will not only learn about good leadership but also about discipline and virtues of the rule-governed behavior, not to forget about the costs and rewards of decent and consensus cooperation.

Let us work together to make this year a memorable and successful one. Wishing all our students a year full of learning, achievements, and joy!

Warm regards,
Principal

our academic director

our management

Dear Parents, Students, and Faculty,

Welcome to the new academic year at The Infinity School! As the Directors, we are honoured to lead a community dedicated to educational excellence and holistic development. At The Infinity School, we prioritize creating a nurturing environment where every student can thrive academically, socially, and emotionally. Our dedicated educators employ innovative teaching methodologies to foster critical thinking, creativity, and a lifelong love for learning. We believe in the power of collaboration between school and home. Your active involvement plays a crucial role in your child's educational journey, and together, we can achieve remarkable outcomes.

Warm regards,
Directors

Dear Parents, Students, and Faculty,

I am honoured to serve as the Academic Director of The Infinity School, where we are committed to nurturing curiosity, fostering critical thinking, and empowering lifelong learners. Our mission is to go beyond traditional learning by encouraging students to ask meaningful questions, think independently, and develop skills that prepare them for the future. At The Infinity School, we believe in a personalized and inquiry-based approach to education. Our dedicated educators continuously innovate to ensure each student reaches their full potential—both academically and personally. We focus not just on knowledge acquisition but also on developing essential 21st-century skills such as problem-solving, collaboration, and adaptability. Thank you for your trust in The Infinity School. Let's embark on this journey of limitless learning together!

Warm regards,
Mrs. Nivedita Madkikar
Academic Director.
