ACHIEVEMENT THROUGH EFFORTS

ESTD. : 1990

MOTTO

Achievement through efforts

MISSION

To produce Quality Manpower

VISION

*Education is nothing but inculcating the values,
Developing the Skills and Promoting the Hobbies.*

We feel very happy to introduce you to the uniqueness of our school, **SANT SAI ENGLISH MEDIUM HIGH SCHOOL** which is working with an aim of bringing up the next generation & developing quality man power.

Our school was established in the year 1990, in the small town of Bhosari, Pune, Maharashtra and has successfully moulded more than 2000+ students. Many of our ex-students have secured higher position in various fields.

We believe that each & every child is unique & god has gifted every child with the treasure trove of gifts and talents and are just waiting to be uncovered and explored.

We at our school focus on the three aspects of the individual to make him an all rounder, that is study, health and behaviour. We conduct various activities to strengthen these aspects. As well as we also focus on the development of various quotients like Emotional Quotient, Intelligence Quotient, Spiritual Quotient.

Please take the time to visit our school & go through our prospectus to understand the uniqueness of our school and be a part to build the nation at large.

From Principal's desk ...

Dear Parents,

It gives me immense pleasure & ecstasy to present my thoughts, aim & dream before you. It has been my aspiration to provide an environment that fosters curiosity, encourages learning and pursuit of excellence.

I truly believe that we have to focus on moulding students as good humans rather than just preferring to make them good in academics. To achieve this aim school & home are the only two places.

To make our aim & objective true, your co-operation is needed.

I assure you that your child will shine with bright colours.

Together we can.

Thank you!

Jai Hind!
