

Fostering a lifelong love for learning

DELHI PUBLIC SCHOOL

Yamuna Nagar - Jagadhri

Our Vision

We are a forward-thinking school, aiming to prepare our children and students for a rapidly changing world by equipping them with critical thinking skills, global perspective, and respect for core values of honesty, loyalty, and compassion. This we believe can be done through guidance and providing the best facilities and resources. Developing academic excellence and all round skills is the corner stone of the education we offer. We believe that students will have success for today, and be prepared for tomorrow..

The School Academy

The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education.

Our Mission

The mission of DPS, Yamuna Nagar, is to provide a dynamic educational experience for children who would like to seek an education with us. The curriculum is based on the CBSE, New Delhi curriculum and practices; and delivered by highly certified caring teachers who have a passion for students' success, continuous learning, critical thinking, and collaborative, respectful relationships with students.

The School Residency

We offer excellent boarding arrangements to suit home and child. The boarding house, which we call "The Residency", is a home for our students who come from far and wide, and for those who seek a good standard of residential up-bringing in the best possible environment.

Boys and girls reside in separate hostel blocks, but partake of meals in the same Dining Hall. The Residency consists of air-conditioned rooms, three students to a room. Each inmate is provided with a wardrobe, a writing desk and a bed. An experienced warden takes care of the boys, and a matron for the girls.

A Medical officer and Nurse are on duty 24x7. The warden and matron are both well - conversant in the art of caring and nurturing our children with good manners and etiquettes, so as to help them procure good personality traits. A high quality standard of meals are provided; both vegetarian and non-vegetarian.

A STUDENT'S CODE OF ETHICS

We propagate a view with a code that is designed to emphasize the type of culture desired in our school.

The 3 R's	-	Respect, Responsibility, Risk.
Respect:	-	I will treat others with respect and dignity.
Responsibility:	-	I will take responsibility for my work and behavior.
Risk:	-	I will risk new learning experiences, innovate, and learn from my mistakes.
