OUR CORE VALUES

Promote Excellence through Learning and Personal Achievement

Encourage integrity as a form of personal excellence * Provide the opportunity for all to succeed through their own desire * Prepare flexible minds * Seek excellence in everything * Succeed with integrity * Set individual goals, as achievement means different things to different people * The journey is important because the focus is on student's, lifelong learning and not just results * Share success * Ensure that students leave with more than just good grades

Be a Catalyst for Positive Change

Collaborate to achieve a wider understanding * Get involved in humanitarian issues outside your comfort zone * Promote sustainability as an integral part of everyday life * Never tire of giving to those who are less fortunate * Strive to provide stability in an uncertain world * Try your best to make others happy * Accept opportunities to contribute in new and uplifting ways * Develop love for the people around you * See a world without barriers * Embrace social responsibility * Always endeavor to do the right thing * Be an ambassador for our community * Promote global citizenship through deeds as well as words

Enrich the Experience

Remain open-minded and curious * Enjoy the benefits of being part of a cosmopolitan group * Treat all differences thoughtfully * Diversity is stimulating and motivating when understood * Make all feel accepted * Involve yourself in the present * Draw unity from the fact that everyone is unique * Bring a sense of commonality to diversity * Use diversity to enhance learning * Accept yourself as unique and distinct * Value and appreciate your role as a contributing member of One Earth * See and affect the world on your doorstep and beyond * Always take initiatives * Always carry a sense of gratitude * Pay attention to the moment

Engage with Community

Together we are dynamic, viable, and secure * Value opinions * Respect others, build self-respect * Invest in people and they will invest in you * Foster a sense of belonging to enrich a warm and friendly environment * Provide foundation and continuity to the many communities that make up our community * Take all from where they are to where they want to be * Remember, change is exciting as a shared experience * Our global community is an education in itself * Motivate and value others * When every voice is heard, nobody feels left out * Strong partnerships between students, parents and staff create a genuine feeling of family * Pride in what we do energizes the special environment we share * Place value on quality * Engage students in their own education

About Griffins International School

Griffins International School is a contemporary school founded in the year 2017. The School is promoted by a group of individuals who studied at and are associated with IIT Kharagpur for the last three decades. It aims to provide a stimulating learning environment through comprehensive facilities and an enriching inquiry-based curriculum. The school is affiliated to CBSE, New Delhi. The Affiliation No. is 2430226. The serene setting of the school amidst 14 acres lush green environment proves perfectly conducive for learning, while the internationally styled architecture reflects our philosophy of moulding our students into global citizens. The school envisions bringing the best for its students from across the globe and helping its children develop into global citizens, yet embracing its cultural heritage for achievement of children in today's calling.

Griffins

Griffins is inspired by the legendary mythological creature "Griffin". It is a creature with the body, tail, and back legs of a lion; the head and wings of an eagle; and an eagle's talons as its front feet. It is the guardian of treasures. It has the strength of a lion and sharpness of an eagle.

Logo

As a tree gives fruit and oxygen to the world while taking in nutrients from the earth, our students would work towards the betterment of the society by spreading the knowledge they have gained through the books.

The students are encouraged to be inquisitive and inquire so that they could create and innovate for a better future. This would inspire others to tread along the same path.

Mission

Our mission is to nurture the students to become successful, responsible and ethical leaders with a passion for lifelong learning, who aim to make the world a brighter place full of compassion, curiosity and creative fire.

Vision

Our vision is to be a learning school that ignites inquisitive minds to innovate and inspire others.

Our Mentors

Having experienced poverty personally and worked up my way through all the adversities with hard work, support from our employees and God's grace despite very little education, I have come to realize education is the only true gift parents can give to their children. Life gives us many challenges and good education helps to be better prepared to face them. The value of ethics and discipline in civil life can never be impressed enough as they are key to a happy and successful life. With this initiative, we hope to instill in our children the ability to face adversity with confidence, enjoy success with humility and defeat fear with belief in inner self, sail through grief with hope and faith in almighty.

We expect our children to grow up into gentlemen and ladies who set the bar higher for future generations in terms of ability, ethics and performance. We have looked to provide them with an ambience where their abilities can be fully blossomed.

Shri Govind Behari Yadav
Founder Trustee,
Govind Behari Yadav Trust

Prof. V K Tewari
Ph.D. (Engg.)
Director
Indian Institute of Technology Kharagpur

Education is at the core of human development. Education is not the amount of information put into one's brain, runs riot there, undigested, all his life. It must have assimilation of ideas for man-making, character building and life-making.

Recent technological advancement has its footprint in all walks of human life including education. The role of schools is very crucial at this juncture. The school education must be aimed at shaping the overall life of its pupils. The future belongs to young ones who are adept in using the latest technology for their growth and development.

Griffins International School has made every effort to ensure high quality education with innovative teaching- learning process and extra ordinary infrastructure facilities.

I am sure with the best systems in place, parents could be assured of top quality education for their wards.

With immense confidence, I can add that under the overall guidance and support of its Chairman, Mr. Abishek Yadav, a brilliant IITian from Kharagpur, the students of Griffins International School will emerge out as smart, positive thinking and confident individuals with human values; and contribute their bit in the progress of this country.

Chairman's Message

We look to provide the children with an experience where learning is exciting and fun. A "Griffinite" is expected to have a strong character, respect for knowledge, patriotic and love for nature.

Shri Abishek Yadav

Founder Chairman,
Griffins International School
B.Tech in Chemical Engineering,
IIT- Kharagpur
Certificate in School
Management & Leadership,
Harvard University

Since the Vedic times, the aim of education has been

1. Propagation of Knowledge
2. Development of Character
3. Preservation of Culture
4. Generation of Social Awareness
5. Preservation of Nature

Griffins International School has been built on these foundations. The above principles are core to our existence and we look to inculcate these in our students. Learning has seen a rapid change over a period and the scientific advances have made old pedagogy ineffective. Technology has given newer perspective to students and teachers and has made learning more participative. In line with the motto of the school "Inquire, Innovate, Inspire", the students are encouraged to challenge the existing wisdom and look to better them. An inquisitive mind is the harbinger of change in the society. The students are taught the value of character building. Only a person with strong character can be a future leader and a driver of change.

We as a nation have a strong culture which gives us the strength in times of adversity and it is the responsibility of the learned to preserve and further the culture of their forefathers. Equal respect in all faiths and beliefs is a way of living and enshrined in our constitution. The students are taught to have high ethics and respect for one another in public life. The value of preservation of nature for our future generations is important and this is taught to the students since the joining of the school.

Each student is different and every student can excel in a certain field. We look at it as our responsibility to help the child identify and excel in it. We look to provide the enabling environment for the children to excel.

We have a lush green campus of 14 acres. With our endeavour to provide the best in education, we have adopted the Apple education program. We have tied up with NIIT to provide us with the best school management system. The school is equipped with best sports facilities for the children to have an all-round development. The kids are given special training to ensure that they have the necessary fitness level during stages of their growth. As security is a top priority for us, the entire campus is under 24 hours CCTV surveillance and the school buses are also fitted with CCTV & GPS systems.

We look to provide the children with an experience where learning is exciting and fun. A "Griffinite" is expected to have a strong character, respect for knowledge, patriotic and love for nature.

I welcome you to a "World of Wonders and Possibilities" for your child whose incarnation has mesmerised your past, enthralled your present, and provides great hope for the future.

Ms. Renu Aneja

Principal

Griffins International School

MSc (Physics) B.Ed.

Principal's Message

I believe that complete education must be holistic. Children must be provided a platform where they can express themselves and dare to realize their dreams. At GIS we respect individual capabilities of a child to absorb, reflect, understand and then apply in different spheres of life. This is how children surpass their teachers and achieve unimaginable heights.

The enriched curriculum that we follow aims at creating excellence, rewarding effort and inhibits rote learning.

Learning takes place when curiosity to find out answers is there. Our school provides right conditions and conducive environment to keep the bug of curiosity alive in children. Teachers at GIS are mentors, facilitators and even parents, who instil in children the confidence that nothing is beyond their capability. Education in true sense should take care of body, mind, heart and soul. So, we have designed our curriculum in such a manner that embodies all the aspects of holistic education. Imparting knowledge takes care of the mind, unique plethora of on-field, off-field activities take care of the body, various social service programmes, trips and excursions focus on emotional, creative and social development of a child.

We at GIS, constantly persevere to reach our school's aspiration of making a child professionally confident, emotionally sound and socially responsible.

I am confident that the kind of education that we offer here is one of the best ever. Our immense value addition to a child's life will open tremendous opportunities in time to come.

“Education is about empowerment, about cultivating a child to the highest possible potential – a tool for fulfilling the immensity of Being.”

By Sadhguru

Ms. Ruma Mazumdar

Head Mistress
Griffins International School
M.A. (Education), B.Ed.

Headmistress' Message

The importance of school education lies in the fact that the children of today will become adult citizens of tomorrow. The growth and future of our country highly depends upon the quality of the school education system.

Schooling by nature is a social and cultural undertaking. As the world shrinks and barriers are broken, the students of Griffins join hands with others across the country and the world by working together on multiple areas.

In our school, focus and objective is to stimulate interest and curiosity in students. So, we lay strong emphasis on personalization, meeting diverse needs, providing equal opportunities to learn, explore, play, discover their hidden talents and make informed choices. Through international exchange programmes, social responsibility initiatives, environment conservation programmes, cultural exchange programmes and class activities, they learn invaluable life lessons on diversity, equity, tolerance, resilience, perseverance & perspective taking.

Empowered with a strong sense of wellbeing, we are confident that our students will emerge as responsible global leaders with strong moral, ethical and social values.

We at Griffins International School emphasise on how to educate the mind using three distinct methods – Inquire Innovate Inspire by focusing on the development of a healthy body; the formation of a virtuous character; and the ability to make right choices for themselves.

Ralph Waldo Emerson famously said, 'What lies behind us and what lies before us are small compared to what lies within us.' At our school we continually strive to achieve this and instill in our students the conviction to realize their complete potential.

Every child is a gem with unique talents that require constant nurturing. With this belief as the foundation for all our efforts, we stride towards the future with confidence.

Why Griffins for your Child

- Affiliated to CBSE upto Grade XII Level
- Safe and Comfortable bus service with CCTV, GPS and female attendant
- Experienced and qualified educators
- Moderate student strength per class (as per CBSE norms)
- Special emphasis on Spoken English
- State of the Art Infrastructure
- Separate dedicated spaces for Performing Arts.
- Indoor Activity Hall
- Complete Indoor and Outdoor sports facility under the supervision of expert coaches
- Strong Activity program classes
- Online school portal and Mobile App for Parents
- Wi-Fi Campus

Other Activities

Griffins Campus and Facilities

At Griffins International School, our emphasis is to provide individual as well as group learning spaces to our children to nucleate the learning process inside the school campus. The building acts as a catalyst in the complete learning process and compliments our overall concept of providing all round holistic development to the students.

- Sprawling 14 acres lush green campus with unique building concept with indoor and outdoor learning / sports centers of International standards
- 200 m athletic track
- Olympic standard swimming pool
- Splash pool for the pre-primary school
- Outdoor sports such as Football, Basketball, Volleyball & Cricket
- Indoor sports such as Table- tennis, Chess, Carrom
- Lawn Tennis and Badminton courts
- Sick bay under the supervision of a trained nurse
- CCTV and GPS enabled safe and comfortable school buses
- Internet and Wi-Fi access
- Library and reading space
- Labs for Physics, Chemistry, Biology, Geography, Psychology
- Innovative Labs for Robotics Math, Computer, English
- Music, Art & Dance Studios
- Safe and secured campus with extensive spread of CCTV and Security Guards
- Apple Education through LED TV's, Apple TVs and iPads
- Activity Hall for Cultural and co-scholastic programs

New Generation Classroom

Our classrooms are learning spaces in true sense. Griffins is the first School in the district to introduce Apple Education programs in School. We have NIIT and Apple as our Technology Partners to integrate technology in teaching learning process. Students will develop 21st century skills by using iPads, Apps, iTunes, garage Band, iMovie Maps and iBooks provided by Apple, global leader in Technology. Each of the classrooms comes equipped with Interactive Whiteboard, Apple TV and animated modules that are calibrated to the CBSE syllabus.

The academic block is constructed in such a way that each of the classrooms is well lit and sufficiently ventilated. The concept of fun is woven through lively colours, comfortable modular furniture and notice boards.

INQUIRY BASED CURRICULUM

Griffins International school provides a rich and varied curriculum based on NCF 2005 that provides significant opportunities for students to realize their potential.

PRE – PRIMARY SCHOOL PROGRAM

The emphasis is on 4 R's i.e. Reading, Readiness, Respect & Resolution

Our key focus in pre-primary classes :

- Student strength restricted to 30 in each section
- 1:15 Teacher Student ratio
- Unique Kids play area with play stations
- Activity hall for group events and in – house activities
- Splash pool
- Montessori Trained Teachers
- Phonetics program for English

PRIMARY SCHOOL PROGRAM

Students from Grade I to V focus on developing foundational skills of creativity, communication, collaboration and critical thinking.

The students are engaged with help of the following activities:

- Apple Education Program using iPads and Mobile learning
- Holistic development through Music, Art and Dance
- Professional Sports Curriculum
- Stress on academics and Experiential Learning through Robotics, Maths Lab, Computer Lab and Activity centre
- Personality development and spoken English through reading program and Language Lab
- Concept development and understanding using innovative academic practices

MIDDLE SCHOOL PROGRAM

Students from Grade VI to VIII are generally under transition period of intellectual growth and independence. At this stage children learn to handle abstract concepts and subject disciplines become more specific.

The needs are addressed by :

- Integrating technology into education
- Experiential learning and development of multiple intelligence
- Excursions, field trips and out bound learning programs
- Life skills programs
- Deeper focus on academics, practical science labs and scholastic assessment
- Our children get exposed to some unique concepts in :

- Robotics lab
- Mathematics lab
- Computer lab
- English Language lab

SENIOR SECONDARY SCHOOL PROGRAM

The curriculum followed at the Senior Secondary Level is based on CBSE and seeks to prepare students for higher studies. The school offers Science, Commerce and Humanities to the students. Apart from the regular studies, students of every stream are also encouraged and guided whenever needed for various competitive examinations that are conducted after Grade XII. Career counselling and college admission assistance are provided for higher studies. Students get the chance to involve in different scientific research oriented programmes and competitions for enhancing their skills in all the streams.

Academics @ GIS

INTEGRATED SCHOOL PROGRAM (ISP) :

In order to prepare the XI/XII students for NEET, JEE (Main) and JEE (Advanced) right at their home town, Griffins International School runs a 2 Year Integrated School Program (ISP) in its campus that is conducted by Scholars Den Kharagpur. How does it assist an aspirant? Check out the table below:

SL NO.	ADVANTAGES	ISP	REGULAR COACHING
1	6 DAYS CLASSES	✓	X
2	TIME FOR SELF STUDY	✓	X
3	DAILY PRACTICE PROBLEMS	✓	X
4	EVERYDAY DOUBT CLEARING	✓	X
5	SIMULTANEOUS PREPARATION FOR BOARDS & JEE/NEET	✓	X
6	LAB CLASSES	✓	X
7	SCHOOL ATTENDANCE	✓	X
8	BALANCE BETWEEN THE TASKS OF SCHOOL & COACHING	✓	X
9	FREQUENT PERIODIC TESTS	✓	X
10	KOTA LEVEL PREPARATION	✓	X

ACADEMIC EXPERIENCE:-

As soon as a student joins the Griffins family for higher studies, he/ she automatically gets access to the following:

- 1) Classes in regular mode with hands on Practical Sessions.
- 2) Guidance for Science students for KVPY, SOF, NEET, IIT (Mains and Advance)
- 3) Special care for the Commerce and Humanities students for different competitive examinations after Grade XII.
- 4) Career counseling and college admission assistance for higher studies.
- 5) Involvement in different scientific research oriented programmes and competitions for enhancing their skills in all the streams.

OUR FACULTIES:-

The institute draws the best of the brains to get the child future ready.

- 1) Our faculties have more than 10-15 years of experience in teaching.
- 2) They are well equipped with all modern skills needed to guide and bring about holistic development in the students.
- 3) They have rich professional qualifications like B.Ed, CTET, PhD

INFRASTRUCTURAL FACILITIES:-

The school boasts of a high class infrastructural brilliance. It has:

- 1) Well spacious, ventilated class rooms for good learning experience with audio visual aids.
- 2) Well furnished laboratories for Physics, Chemistry, Biology, Mathematics, Computer Science and Geography.

Inspiring Educators

Our Teachers – A commitment to caring and lifelong learning

A teacher follows the student through each pivotal stage of development. At 6 to 8 hours a day, 6 days a week, our teachers are poised to become one of the most influential people in life of our students

- Our teachers are the role models to the children who inspire and encourage them to strive for greatness, live to their fullest potential and see the best in themselves.
- Our teachers are qualified, experienced and global minded who are passionate about their profession and who enjoy working in a dynamic classroom environment.
- All our teachers are recruited through intensive screening and selection process to ensure validity of their qualification, expertise and experience.
- Our teachers undergo continuous 120 hours of training on skill enhancement and classroom management during the session to adopt to new teaching methodologies and unique academic practices for providing an excellent learning experience to children as well as parents.

CAREER COUNSELING

In this era of availability of a plethora of career options, career counseling is a must to assist children make aptitudinally-appropriate career decisions. The process of career guidance for students involves helping them to achieve their identified career options or acquiring their professional goals. Griffins International School provides professionally led career counseling to its students to choose the right career and also for students who wish to study abroad. It involves one-on-one counseling sessions which are conducted both in online and offline formats. Also it builds a customised profile for the students who opt for it.

SOCIAL OUTREACH

One cannot ignore the community in which she/he grows up in. To bridge the divide between a child and its community and also to instill values within, the school conducts age appropriate activities from time to time.

On the eve of 'World Elder Abuse Awareness Day', for instance, Griffins International School took an initiative to express empathy towards the elderly people of Parul Welfare Society, an old age home. The students of Grades VI-VIII prepared cards and handed over essentials like food items, ORSL drinks, adult diapers, bed sheets, and dresses to showcase their love and respect for the elderly people. The kids also spent quality time with the inmates.

The institute has also plans to organise such Community Programmes with a Deaf and Dumb institute and with a group of eunuchs to help develop a truly inclusive society.

HOSTEL FACILITY:

Responding to the extensive demand of the parents, Griffins International School has started its Boys' Hostel within its school campus away from the din and bustle of the city life. The students from Classes IV to XII are permitted to stay in the hostels. The boarding facility can be availed on a Weekly or Term basis. The boarding life at Griffins International School provides a healthy development of the child in a competitive atmosphere. This second home gives the children the opportunity to develop a strong sense of responsibility, teamwork and accountability along with consistent study habits and time management. They grow to become citizens of the world. Great care is taken to keep a balance between the studies and other engagements of the Hostellers. Aligning their cognitive minds with enduring values, the boarders actually get the scope for a holistic development.

TERM BOARDING:

The students stay in the campus during the entire term. This is a full time boarding facility with students going home only during the Term breaks and during vacations. Term Boarding is ideal for those students whose homes are quite far from the school.

WEEKLY BOARDING:

The students stay in the campus during the week and spend their weekends at home. This is ideal for students who stay close to the campus or both parents are working professionals.

BENEFITS:

- High quality education coupled with personalised mentorship for every student by Angel Teachers.
- Excellent care and strict discipline during the study hours.
- Special coaching for JEE Main & Advanced, NEET and other Engineering & Medical Entrance Exams.
- Daily special Hobby Classes in various fields of interest such as Music, Art, Dramatics, Pottery, Debating and Dance to name a few.
- State of the art sports facilities that include lawn tennis, basketball and volleyball apart from cricket, football, swimming and table tennis.
- State of the art kitchen providing fresh, hygienic and nutritious food.
- Frequent excursions to improve communication and soft skills.
- A gadget free environment for a healthy mental and physical development.
- A homely environment for the growth of children into ideal citizens.
- A safe campus with 24/7 CCTV surveillance.
- A state of the art Infirmary with a full time Nurse.

BRUNCH FACILITY:

The school provides freshly cooked hygienic food to the students who opt for it. This ensures students get hot meal served at the right time. The food is distributed during the short break in neat and clean tiffin boxes to the respective classes.

ADMISSION PROCESS

1. Please pick up the Registration Form available from the school. The same is also available online. 2. Please submit the duly filled up form along with the photocopies of the birth certificate, school leaving certificate and previous report card along with five passport size photographs. 3. For more information write to us at admission@griffins.edu.in or visit us at www.griffins.edu.in

Griffins International School Shining

There is no alternative to hard work. There is no alternative to consistency. And when these are diligently followed, recognition is just a by-product.

THE TELEGRAPH SCHOOL AWARD

GIS was awarded with the Certificate of Merit for Excellence in Extra Curricular Activities for the year 2017-18

INSTITUTION OF HAPPINESS

QS I-GAUGE in association with ASSOCHAM honoured Griffins International School with the prestigious INSTITUTION OF HAPPINESS certificate for the year 2021-2022.
