SCINDIA KANYA VIDYALAYA

Top Ranked Girls' Residential School

The school was founded by Late Rajmata of Gwalior, H.H. Shrimant Rajmata Vijaya Raje Scindia in 1956. It embodies her dream of providing progressive modern education and nurturing young girls to be good citizens. Inaugurated by the then President of India, H. E. Dr. Rajendra Prasad, the school took off on its mission to stay grounded in the roots of tradition and to empower young women to take wing in the exhilarating air of freedom.

Housed in 35 acres of lush greenery, the Scindia Kanya Vidyalaya is a serene haven with a vibrant ambience. A home away from home for about 500 students from all parts of the country and abroad, the school builds sturdy academic foundations and enable them to grow intellectually, think independently and become responsible and confident young women. A low student to faculty ratio ensures students enjoy personal attention that only comes from a close-knit academic community.

The educational experience at SKV follows the SHE philosophy of Service, Heritage & Enterprise.

The school is affiliated to Central Board of Secondary Education, New Delhi. The curriculum ensures that learning requirements prescribed by NCERT and CBSE are met.

Scindia Kanya Vidyalaya is a completely residential school for girls from grade VI to XII. The school has four boarding houses, each house is supervised by a House mistress and two House mothers. The dormitories are air conditioned & well furnished.

The students are served five meals a day in the Maharani Chinkoo Raje dining Hall. Besides the 3 major meals the students are served refreshment during short break and after evening games. A well balanced and nourishing vegetarian and non-vegetarian diet is served. The menu includes Indian, Continental and Chinese dishes. The Canteen / tuckshop take care of day to day needs of the students. Extra Sports diet is also provided for the students keeping in mind their additional nutritional requirement during training.

Madhav Bhawan, inaugurated in 2022, is our all-new academic building with state-of-the-art features. A fully airconditioned building, well equipped smart classes with LED interactive screens, Physics, Chemistry, Biology, Psychology, Geography and Home Science labs, Library, Career & Behavioral counselling rooms, Western & Indian instrument room, Recording room, Dance room, 4 computer labs and a separate publishing department.

The school has a great tradition of excellence in sports and athletics. An assortment of sports and games varying from taekwondo to cricket is offered. Volleyball, lawn tennis, roller skating, badminton and swimming are some of the sports the school offers. Athletics is an integral part of physical training. The school has well-laid basketball, volley ball and tennis courts, an indoor badminton court, well equipped swimming pool, football field and a large athletics ground where the girls can hone their sports skills and explore their potential.

The Performing and Visual Arts Department offers the students a wide range of activities to choose from. Excellent training in various musical instruments, both Indian and Western, viz. Guitar, Violin, Tabla, Sitar, Drums, Xylophone, Synthesizer etc. is imparted.

Training in varied Indian folk dance, semi classical and classical dance forms like Bharatnatyam and Kathak, to name a few are imparted. Workshops for western dance forms are organized.

The students learn to express themselves in different media like pen & ink, acrylic color, oil, water color, clay and pottery, they are motivated to learn the nuances of fine art. Art-forms like paper-mache and Madhubani and Warli are popular with the students. Needlework, flower making, candle making, puppet and doll making are some other domains where students exhibit their creative abilities.

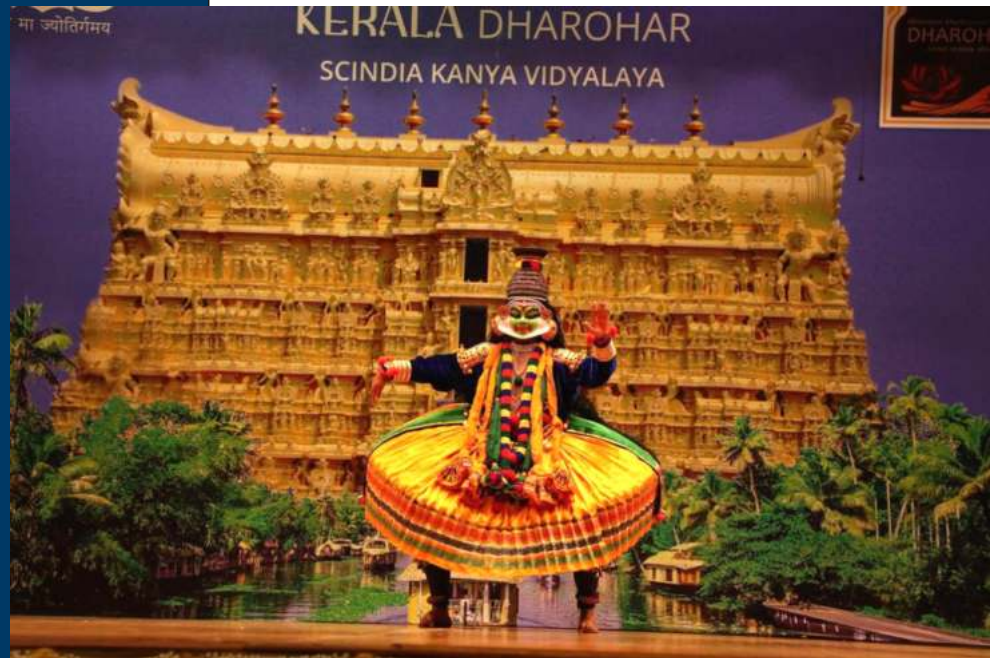

Apart from being rooted in our tradition, Scindia Kanya Vidyalaya leaves no stone unturned in opening up new avenues for its students for global citizenship and providing them education encompassing international dimension. The students have travelled the Globe through the Round Square Conferences, AFS students exchange and Foreign Educational & cultural exchange programmes and international job shadowing programmes in collaboration with International Universities.

Community service is one of the pillars of SKV and forms an integral part of the education imparted here. Scindia Kanya Vidyalaya has set-up a manufacturing unit to produce low-cost sanitary napkins and distributed them to the under privileged women in and around the city. Students from all classes are encouraged to work on these machines.

The preservation of Indian Heritage through the “**Shrimant Madhavrao Scindia Dharohar Festival**” is a testament to SKV’s vision to pass on the legacy of Indian heritage and cultural mores to its students. Every year the festival is celebrated on a different period of Indian History or Indian State. Girls schools from all over India are invited to participate in this 3 day fest. Competitions based on visual arts, culinary arts, Dance, Music, built heritage etc. of the states/ dynasties are organized.

Scindia Kanya Vidyalaya believes in empowering its students through diverse programs that nurture their skills and encourage them to make a positive impact on society. The Organic Kitchen Garden, Project “Sambhav” that aims to reduce single use plastic bags in the campus, Project Saksham, the technique that produces natural cleansers by using waste citrus peels, Project Sanchayan an initiative to create eco-bricks by recycling plastic waste, Project Shubharambh is conversion of organic waste like dried leaves, twigs and kitchen waste into bio compost and developing SKV’s very own humanoid robot, the first of her kind developed by SKV’s robotics department, represents the school’s innovative and creative spirit and reflects students’ passion for AI.

Through the years the students have undertaken various such projects that have made a positive impact on society.
