THE MANN SCHOOL®

Admission Brochure

GIFT YOUR CHILD A BETTER BEGINNING

THE MAN WHO STARTED IT ALL

Dear Parent/Carer

What are the first feelings when you ponder about choosing a school for your child? The faculty, the infrastructure, the quality of education...What not.

The Mann School offers all. And for sound reasons. Behind the citadel of education that The Mann School is today, there stands the fountain head of inspiration, Mr. Joginder Singh Mann. An alumnus of one of the leading residential schools of the country and an English (Hons.) graduate from the University of Delhi, Mr. Mann has been guiding the School since its inception more than a couple of decades ago. Leading from the front is, of course, not a new job for him. He has done it since his childhood.

As school captain, and later as the general secretary of his college students union, he had proved his quality as a helmsman in his formative years. A firm believer in the fact that education is not just about books, Mr. Mann encourages discipline and creativity among the children he shepherds. Mountaineering, athletics, horse riding, commanding parades, leading band group, martial arts, Mr. Mann has done

it all in his school days and he brings his experience to life at The Mann School for the good of students. Mr. Mann was also a national level swimmer. To top it off, Mr. Mann worked at the managerial level with the Taj Group of Hotels for almost a decade.

Presently Mr. Mann is a member of the IPSC trust.

That experience has ensured that students get the best food in the best of living conditions. Prudent enough, he believes that children must learn to value different aspects of life. "School days are said to be golden, but to be really so, fun and work must be synchronised," he says.

So involved is Mr. Mann with the boarding school and the life behind the high walls of the boarding school that he has authored a book chronicling life in residential schools titled 'Let's pray before our meal'. The book is an attempt at unraveling a boxful of wonders about the life and times within a boarding school. This book also serves as an eye-opener, for students and parents alike, on the many myths and realities of such schools. Details about this book could be found at www.lifeinboarding.com

Joginder Mann (Chairman)

I Believe...

My dedication to this sacred duty is total and whole-hearted. In the responsibility bestowed on me I would never allow me to falter and with dignity and perseverance my pursuit will remain perfection. I will go to make the farthest possible effort to live up to the demands of my role in children's life.

Nothing is more valuable to me. I can't guarantee I will always be right, yet I need to be right more often than wrong.

Mr S Sriram, MCA, BSc, B.Ed, Principal, who is educationally enlightened, technologically savvy and open to pedagogical changes to create a positive and challenging learning environment.

He is a seasoned Educationist with more than 35 years of teaching experience and over two decades of Administrative experience from a premier Boarding School of the country.

He is a proud recipient of the National Award for Innovation in ICT presented by the President of India on behalf of the Ministry of Human Resources Development, Government of India.

Presently, he is an Executive Member of the Indian Public School's Conference.

FROM THE PRINCIPAL'S DESK

MR S SRIRAM

It is with great pleasure and a sense of profound responsibility that I welcome you to our progressive K-12 school, where the pursuit of knowledge is not just a tradition but a dynamic journey into the future. As we stand at the threshold of the 21st century, our commitment to providing a holistic and future-ready education has never been stronger.

In an era marked by unprecedented technological advancements, globalization, and rapid societal changes, our vision for education extends far beyond the conventional boundaries. We aspire to nurture not just academically accomplished individuals, but compassionate, critical thinkers and creative problem solvers who are prepared to thrive in the complex and interconnected world that awaits them.

Our priorities are deeply rooted in shaping well-rounded individuals who not only excel in academic pursuits but also demonstrate resilience, adaptability, and a strong sense of social responsibility. The 21st-century learner must be equipped with a diverse skill set that goes beyond textbooks and exams. Our curriculum is designed to foster creativity, encourage collaborative learning, and instill a love for lifelong learning.

At the heart of our educational philosophy is the belief that every child is unique, possessing a distinct set of talents and potentials waiting to be discovered and nurtured. Our dedicated team of educators is committed to creating an inclusive and supportive environment that recognizes and celebrates these individual differences.

In embracing innovation, we integrate cutting-edge technology into our classrooms, ensuring that our students not only keep pace with the digital age but also learn to leverage technology responsibly. We understand the importance of cultivating a growth mindset, encouraging curiosity, and teaching resilience in the face of challenges. We believe in churning out innovative problem solvers and help the children to think from a creative mindset rather than a consumerist mindset.

As we embark on this educational journey together, I invite you to be partners in the holistic development of our students. Your involvement, support, and feedback are invaluable in shaping a vibrant learning community that empowers our students to become confident, compassionate, and capable leaders of tomorrow.

I am excited about the possibilities that lie ahead for each and every student who walks through our doors. Together, let us chart a course for success, foster a love for learning, and inspire a generation that will make a meaningful impact on the world.

IT'S ALWAYS HARD TO LEAVE A PIECE OF YOUR HEART BUT NOT IF IT BECOMES A PART OF OUR HEART TOO

WHY CHOOSE MS?

Most schools would like to flaunt their infrastructure and amenities as reasons why you should choose them. But at The Mann School they are just complementary. Credited with ISO - 9001:2015 & 14001:2015 certificates, MS offers much more than a mere brick and mortar environment - a sprawling estate is the background for one of the finest educational experiences in India. Charming picturesque and lush green surroundings provide the perfect atmosphere for young minds to blossom. Students not only learn what their textbooks have to offer, but they also get in touch with nature and discover their own hidden facets. And they have been doing so since their establishment in 1989. The school employs the latest educational technology to ensure that students not merely earn certificates, but that they also accumulate multiple aspects of knowledge during their years here. MS believes in creating mature, knowledgeable individuals who are an asset to their society. Discipline and personality development are the two inherent values the students of MS inculcate in them. Your child will not be a mere

student; he/she shall be a part of a movement that strives to create a world which believes in a wholesome mix of tradition and modernity.

MS Ranked 2nd amongst North India's Top Co-Ed Residential Schools and North Delhi Day Schools in the Times School Survey 2023 and 7th amongst India's Top Day-Cum Boarding Schools by Education World India School Rankings 2023-24.

ROLE MODELS ARE SOMETHING YOUR CHILD WILL FIND IN ABUNDANCE AT MS

INFRASTRUCTURE AND FACILITIES

MS firmly believes that for any public school to prosper, the institution has to be a microcosm in itself. Starting off with a Wi-Fi-enabled campus to access knowledge while being surrounded by nature, to spacious classrooms where the intricacies of various subjects like physics, chemistry, biology, computer science, mathematics, geography, and languages are unraveled, MS has it all. Additionally, there are specialized labs designed to enhance the retention capacity of your child, and the school is equipped with a Telescope (MEADE LX600-ACF 16" f/8 Cassegrain) for astronomical observations. Air conditioned hostels for both boys and girls to shelter them from the scorching heat of summer, the RO drinking water system across the campus are some of the basic facilities we provide to protect and make them grow with us. A state-of-the-art swimming pool, with a separate baby pool, and well equipped shower rooms are available for students. Experienced coaches are at hand for different games to chisel raw talent into champions. Well laid out playgrounds are also available for outdoor games and sports like cricket, football, basketball etc. The school takes pride in having one of the finest horse riding facilities among schools in India and it is also a member of the Equestrian Federation of India. The international size floodlit skating rink and basketball court are also amongst the largest in the

country. Above all, international standard Synthetic Turf for tennis is among the few other facilities where our students proudly play their matches.

Our campus being a microcosm of varied cultures of the country, we have taken great care to nurture harmony and promote them all. Treasuring one of the finest school orchestras in the country, we are doubly proud of maintaining one of the finest musical bands that is comparable with any school band across the world. The school has come up with an amphitheatre, Centre for Performing Arts, to showcase various cultural programmes.

To treat and heal illnesses and bruises, the school has a ten-bedded infirmary supervised by two full time trained nurses. A senior doctor visits the campus daily. The school has arrangement with a reputed private hospital nearby to neutralise serious medical crisis, if any.

WE HAVE TRAINED OUR STUDENTS TO BE WARM AND COMPASSIONATE. SO THAT, YOUR CHILD FINDS LOTS OF FRIENDS, THE DAY HE ARRIVES

ACADEMICS AND FACULTY

If students are jewels, then teachers are craftsmen, who give them exquisite shape and sheen. After all, the identity of a school is carved by a teacher. At this front, MS is privileged to have some of the most dedicated and experienced teachers to carve out your child's future. Each faculty member has had an excellent academic career coupled with professional training in teaching and adequate work experience in some of the top schools of India. The teachers stay on campus, which ensures their accessibility even during late hours at the time of examinations.

As far as academic curriculum goes, MS follows the CBSE syllabus for all its classes from I to XII. All the three streams - Science, Commerce and Humanities are offered at MS. Well-equipped laboratories for different subjects are provided to ensure that students get adequate exposure in their practical classes. The school has a counsellor to facilitate students to remain comfortable and at ease at all houses. Special attention is also given to weak/exceptional students. Besides these facilities,

there are provisions for professional coaching (on campus) on demand for various competitive examinations like IIT, NEET etc. Needs of the students are realized and met to a great extent through experts visiting the school for career guidance.

Transforming each classroom into a smart learning space, we've integrated Interactive Flat Panels, fostering modern and interactive teaching methods.

Ensuring a secure environment, CCTV cameras are installed for effective invigilation, student safety, and to uphold academic integrity.

'Step Learn' is introduced at school to make learning fun and easy with technology for the Primary School Students. Computer labs equipped with various applications & tools are not only supportive to students to create technology-based projects, communicate via email and conduct data analysis but are also dedicated in taking online assessments of the students. Multiple Tech-platforms are supporting us for scheduling online classes, meetings and webinars for the MS Family.

FEEL SAFE IN
AND AROUND
SCHOOL**

NOT EVERY CHILD WANTS TO BE A TENDULKAR. MAYBE YOUR CHILD WANTS TO BE A TIGER WOODS OR A MOZART

BEYOND ACADEMICS

Education is not only about absorbing textbooks. At MS, students are offered a range of extra-curricular activities to choose from. From adventure sports to music and from skating to gymnastics, wherein, they flex their physical limits to attain perfection, students are given ample opportunities to indulge their creative energies. Tours to different locations are undertaken regularly to familiarise students with places of importance, historical or otherwise. Treks are organised so that students get a feel of nature's pristine glory and thereby learn to respect its sanctity. In order that students lead a stress-free life on campus, we have introduced Yoga for our students. Professional yoga experts impart valuable advice to the students to deal with the rigors of modern day life for all time. Various clubs are also present so that students can follow their hobbies and interests fruitfully.

To develop character, comradeship, discipline, secular outlook, spirit of adventure and the ideals of selfless service amongst the youth of the country, the school has introduced NCC (Army, Air and Navy) on its campus.

Students are also taught the values of discipline and self-reliance, so that, they can gainfully plan their study, games, leisure and the rest of routines. A gymnasium and Obstacle Course training, ensures that students keep themselves fit and at the same time learn the values of self-control and humility.

The school has a Swimming Pool along with a separate toddlers' pool.

OUR WELL-STOCKED LIBRARY WILL TAKE YOUR CHILD A STEP AHEAD THAN THE REST OF THE WORLD

INFORMATION TECHNOLOGY

IT Infrastructure at MS is an amalgam of Computer Sciences and Information Technology which is apparent in every nook and corner of the school. It not only enlightens the young generation with knowledge of recent advancements in this sector, but also make life of the students and staff, a lot easier by facilitating, providing and supporting new technologies with the objective to promote creativity and innovation in them. Students learn various software and graphics packages in the junior classes. In the higher classes the students have an option to learn advanced software such as Python, Java, My Sql, etc.

A well-equipped and well-connected state of the art Language Lab offers an exclusive English language learning process for students. A 150 Mbps high-speed leased line data connectivity through fiber optic cables provides fast and reliable internet connectivity on campus.

Edunext, the ever reliable and technologically advanced Management Information System (MIS) automates all the processes in the school, thereby saving time and effort of all.

A resource room in 'MS Library' is enriched with systems & tools for students to research all spheres of knowledge.

The school's own website is a rich source of information for students, parents and prospective students alike. They can send their feedback, download application forms, view the results etc. from the school website.

The website also gives a facility to the parents to login and use Parents Portal to access the academic as well as co-curricular performance of their ward. The same information can also be viewed on their mobile phone, using a user friendly application 'Edunext Parent' which can be downloaded from Play Store/App Store.

YOUR CHILD NEEDS AN ENVIRONMENT WHERE HE CAN GROW BEYOND HIS IMAGINATION

THE MS EXPERIENCE

The threshold of MS has a mystical quality about it. Once a child crosses it to become a member of the MS family, the child faces a totally different world - a world where the spirit of solidarity, team work and service transcends all other feelings. Former students have often come back to their alma mater and re-affirmed our faith that MS provides one of the most congenial living experiences globally.

The school has separate residential blocks for boys and girls which are air conditioned to make them cozy and homelike. Each child comes under the care and guidance of a house master or warden. Each residential block has its own study and entertainment centre. For the brain to function optimally, the stomach has to be satiated, so, we take care to provide wholesome and timely meals to all our students. The school provides both vegetarian and non-vegetarian cuisines prepared under the expert supervision of hotel management professionals. Every table is headed by a teacher, not only to guide the students about table etiquettes and manners, but also to share their thoughts and emotions.

MANN SCHOOL OLD STUDENTS SOCIETY(MOSS)

When you step on the threshold of MS, you cease to be yourself – we become a family. A family, woven by the strongest of threads and vibrant, radiant hues. In order that this thread remains strong, we have an old students association called Mann School Old Students' Society (MOSS), and the students proudly call themselves MAPSIANS. Once a Mapsian, always a Mapsian. This is a platform which would deny distance its glee of keeping us apart. In other words, this is a medium to keep our bonds alive.

Besides, Alumni can Login through the school website www.themannschool.com-in the Alumni portal. Not content with this, we have memorabilia's like mugs, sweat shirts, cravat, t-shirt, caps, MS brooch, neck ties, etc., which would further reinforce our everlasting bonds. The membership of MOSS is compulsory for passing out students on paying a life membership (LM) fee.

YOUR CHILD WILL LEARN FEW THINGS BEYOND THE BOUNDARIES OF BOOKS LIKE FUN AND FRIENDSHIP

SCHOOL RULES
