

ABOUT US

VIDYA NIKETAN - a luminous bright name among the English Medium Schools of Kolkata.

The Institution aspires to prepare our young ones to be tomorrow's citizens, well equipped morally, intellectually, culturally and physically to play their respective roles both in individual and collective lives.

The school laid its foundation stone on 6th May, 1996 at Bansdrani, Kolkata. The efficient administration of the school authority, the active co-operation of the parents and all well-wishers helped the school to traverse smoothly towards its path of success.

The school is run by Awadh Narayan Welfare Trust registered under Trust Rules. Gradually the school acquired its Affiliation from The Council for the Indian School Certificate Examinations, New Delhi in both the ICSE (Class - X) as well as in the ISC (Class - XII) with Arts, Science and Commerce.

The Institution provides not only textual education but also providing the students with the ideas so that they can sharpen their skills for the development of body, mind and soul. It organises educational tour, celebrates Independence Day, Children's Day, Teachers' Day, Tagore's Birthday, Vivekananda's Birthday etc. to infuse a spirit of cultural among its students. It also provides the playway method to teach the toddlers.

Having all such facilities available here a child who is a learner in the school is bound to say that he is proud to be associated with the school.

PRINCIPAL'S MESSAGE

I am happy to convey my greetings to the community of The Vidya Niketan, Bansdrani

The School has taken inspiration from the great saint and social reformer Swami Vivekananda - an icon during his lifetime and inspiration to those who dare to do. As per my view I think If a child lives

With criticism, he learns to condemn
With hostility, he learns to fight
With ridicule, he learns to be shy
With tolerance, he learns to be patient
With encouragement, he learns confidence
With praise, he learns to appreciate
With security, he learns to have faith
With approval, he learns to like himself
With acceptance & friendship, he learns to find love in the world

I wish my pupils of Vidya Niketan will always live in encouragement, tolerance, praise, fairness, security, approval and obviously with acceptance and friendship which will make them well equipped to show their excellence in every sphere of their life and action in future.

I wish to conclude my message with the famous saying of Rudyard Kipling, which I always use to remember --

"I keep six honest serving men (They taught me all I knew)
Their names are what and why and when and how and where and who."
Thank you and God bless you all.

Late HARDEO PRASAD
